

NVConfig.sys

The file NVConfig.sys contains configuration information. The volume and sleep timeout are stored in it. The file contains only one byte:

7	6	5	4	3	2	1	0
1	Volume			1	Sleep timeout		

Sleep timeout:

Never: 000

2min: 001

5min: 010

10min: 011

30min: 100

60min: 101

```
struct nvconfig {  
    unsigned sleep:3;  
    unsigned one1:1;  
    unsigned volume:3;  
    unsigned one2:1;  
};
